whats ur study plan look like

We can schedule some stuff. I'm also going to be working with Roxanne and Nehama on some subjects so I'll keep you in mind

omg edwin

invite me

i tried to pitch letting me study in the office but it was not successful

Oh you hear Roxanne and Nehama and get excited Lmao I'm so under appreciated 😭😭

➔ Replying to Chey Goodman, 2022-05-18 12:42:25: « i tried to pitch letting me study in the office but it was not successful »

I said let's study together! But respectfully roxanna and nehama are the blueprint

well no one said no but no one said yes either. Nestor said he'd try to make it happen but I never heard anything again lol

Oh you can come. Especially if you're studying with me

I'll try to get the girls to study with me here instead of at home

well you guys have actual responsibilities and shit, i have nothing but this so i'll be flexible to u instead of vice versa

You're living in Philly right?

I had ONE drink last night and i feel awful

also, sabrina and nehama were talking about how u never come to things (i didnt prompt it i stayed quiet like a good little liar, sabrina asked where u were) can that change

What do you mean?

I don't get invited lol

Is it because you turn them down so often lol

I was sitting between them so everything was screamed over me, it was Sabrina saying where's edwin I miss him and Nehama saying I don't know you know he never wants to come out with us he's doing his own thing

If I have to be social you have to be social

And also Nehama wants u to bring her to the wedding

ALSO she was talking about how she really wants to go to Greece u should do that with her

Lol I'll be better now that the bar is over

You better be, I'll be very offended if you peer pressured me into making friends with all of these people and then u just dip

Sabrina is very nice by the way, I like them all you were right

You need to start yoga with them

We exchanged numbers! We talked about it last night, she said she'll text me today about what classes they do. Also though that won't fix my hips lol

can we go back to being nonflirty friends? i didn't realize there was an emotional control aspect of this and i'm having trouble not looking for an ulterior motive in everything you do now and it's making me trust you LESS not more, not to be an asshole or mean i know i asked to be thrown in the deep end and you only gave me what i wanted, i will swallow my pride and admit that you were right i'm highkey uncomfy now

I have your back and will say what ever you need me to. I have to go to
bed but we can talk it out tomorrow

i'm not going to say anything, i think it will create more drama than it
solves and i appreciate u offering to speak up for me but honestly it'd be
my word against hers because i think josh would lie/cover for her or at
the very least just say it didn't happen

i'm just going to leave it and hope she stops messing with me/roxanne

thank u for telling me what she said

Huh?

What?

to which part

Are you serious with this message

what

???

u told me u weren't sure if u should

i'm saying, thank u for doing it anyway

Are you sure you don't want to include the crimes I committed?

???? What

what she said, to you, in your office?

What is happening rn

I Edwin Leon said that she did in fact harass her

Based on a sexual context

Love is weird.

my bath was too hot an now i can't feel my toes :(

Anyway

How is edwin hazing you

sorry [REDACTED]

also, he's just being supper nitpicky about things like he called me the other day and i'd left work at 6 and he was like if i'm still here you should be too, and he's given me 2 all nighter assignments that were non-emergent things he just forgot to do and he snapped at me for not answering him at 10:30 the other night and said i was prioritizing going out (lol) over work and the project was [REDACTED]

[REDACTED]
and he needs someone to help with [REDACTED]
[REDACTED] and today he snapped at me for not answering an email for 20 minutes and i was like you need boundaries and he just said okay i'll go fuck myself then. Its going really

Okay whoa whoa whoa

First of all, he is a second year. We don't boss around first years like that, it's very inappropriate

We're still junior associates and he shouldn't be delegating anything to you unless a partner told him to

Next time he needs something can you tell him you don't have availability?

[REDACTED] Is he mad at you or something?

[REDACTED] He is not a partner or even a senior associate. It doesn't matter if he's there last 6.

I don't think so, he was super normal and nice at the ren fair and during happy hours and he's like sending me memes on instagram i genuinely think he just thinks he's like hazing and it's a joke

also he definitely leaves at like 4 everyday lol

also, i definitely lowkey was like yes go fuck yourself so i'm thinking he's probably not happy with me now 😊

Between the two of us I don't think he'll pass the bar since he said he barely studied for what was tested. I don't think he's stupid or anything but if he didn't study, he won't pass

What the fuck

Ugh

Also i want to!! Brennan just texted lol. I think there might be a late [REDACTED] meeting but if not i'll be there

Yea there's a reason for that, he
doesn't want it on the system

ugh

I have no idea whats up with him
because he was super nice when i
first started he must just be pissed
about something

Next time don't pick up the call if it's

hi, not at all a big thing but did you by chance talk to anyone in corporate about edwin 😅

Only about my thing

Why?

chris just told me that joe mulvehil said something to him about keeping bankruptcy problems in bankruptcy re me and edwin but i have no idea?? He said it came from a partner

That's very strange

I know, my anxiety just skyrocketted about him hearing about it

From a partner that's so weird

Also Chris doesn't get to tell you who to tell your issues to

Does joe know everything?

I don't think he meant it that way i think it was just a heads up that joe mulvehil knows something but no i think he was just like i heard edwin is

you're more than welcome to join us whenever and obviously to get buggy's harness, but I don't want to hook up anymore I think everything you said earlier was super disrespectful and it was designed to be super disrespectful and I'm not into the game of lets see how well you can get a rise out of me it feels super childish and mean

we're back in our room, grab it whenever

Okay, thank you 

Emphasized "i mean most people would also apologize but ok"

I feel like you're genuinely being mean for no reason ??

I'm just too mentally preoccupied to think about it. You're finding false meaning and meanness where there is none.

You weren't too mentally preoccupied to make the comments, but you're too mentally preoccupied to care that they hurt my feelings?

No

No?

You made the joke last night and again today. I repeat it back to you and I'm mean

You said last night about the hooking up and today you told me you told her to go for it

I told you last night I didn't joke about it, and what was I supposed to say to her? She asked if it'd be weird did you want me to be like yeah actually it'd definitely upset me absolutely nothing is going on though

You can do what ever you want but don't get upset with me because she said something I had no part in

And I don't take issue with the joke, I'm hurt that you seemed to say it exclusively to upset me which is weird because I wouldn't go out of my way to upset you

I wouldn't either

You did, and you've been doing it you made a ton of jokes on Monday night telling me to sleep with other people. It comes across like you're trying to remind me that we are just a hookup which is (1) strange because I've never taken any issue or indicated that I wanted differently; and (2) not a pleasant feeling, just because I prefer hookups to anything else doesn't mean I want you shoving it in my face that you don't actually want me

Messages - Chey Goodman

Excuse the law writing list format at this point I can't turn it off

None of that's true but I apologize if you felt that way

I just joke that way because I'm comfortable that you know me enough but it'll stop

We're not just hooking up, we're friends and that has to come first

And intentionally saying shit u know will annoy or upset me is a shitty friend thing to do

➔ Replying to Chey Goodman, 2022-07-26 19:31:19: « And intentionally saying shit u know will annoy or upset me is a shitty friend thing to do »

You're assuming I knew it would and I didn't

And if ur going to do it because we're hooking up (???) then the hooking up needs to stop because it will genuinely hurt me if something happens to our friendship

I said on Monday don't say things like that!

And I texted last night about it!

You were also very mean so I just shut out whatever you said

I was not trying to be mean when I called you that, it's how I text with everyone and it IS how I talked to you before this

What you are and aren't okay with with the banter has changed

And I apologized twice

Never with calling me a bitch

And okay I understand and I accept your apology and also apologized for the jokes in bad taste

Don't make me scroll back to pre-hooking up texts to find evidence to support my point. Maybe you weren't actually ok with it but you acted ok with it

You're the one that likes hookup exclusivity

idk I'm going to stop my feelings are suuuuper hurt rn and talking about it isn't doing anything anyway but wasting study time

Messages - Chey Goodman

Understood

I hate that but okay

I don't know what to say lol I'm not really good at this 😅

Not because I'm mean I just don't understand

okay that is valid and i knew that

understood and okay and thanks for letting me know, that's all procedural, ya? Responses with thoughts/commentar/reactions are substantive. I prefer substantive and you go procedural everytime

Like I legit want to understand what you're feeling and how I affected that but am at a loss. So as you get more upset with me for not caring or whatever I just get confused and become more okay with the distance

And that's across the board. People I'm booking up with, family, friends all of it

That was super hurtful

I hate this and I'm sorry but I think it's best if we just aren't friends anymore, I think you think I'm like super untrustworthy or mean or whatever and you keep reminding me of it and it's super hurtful because I don't want or mean to be any of those things and I feel like you're constantly reminding me that you think that about me or that I'm not doing enough or that I've upset you or someone else and it's just super taxing, I can't be friends with someone who makes me doubt and feel so negative about myself so carelessly.
